OLLI CLASSES

With the pandemic still imposing restrictions and many of the wonderful opportunities for learning and entertainment offered through the University not available right now, this is just a reminder that OLLI classes begin on Zoom on September 14th. As usual, there are a wide variety of courses ranging from opera and classical music, technology training, genealogy, science, social policies, land conservation, issues related to women's advancement, and so much more. Catalogs are available in the Green Hills library with all the course information. You can use the link <http://olli.iastate.edu/olliatisu> to learn more. Using that link will also provide you with an opportunity to view a video of some of the current instructors talking about their classes. OLLI will also offer 4 Zoom lecture classes during the Fall. Check out the link or the catalog and be prepared to find something of interest.
