HEARING DEVICES AVAILABLE

The GH Theatre and Community Room are equipped with a hearing device called a “telecoil loop”. This is a system that helps those hard of hearing to hear and understand the presenter or movies better.

These devices are located in the back of both rooms on the counter. You are welcome to help yourselves as needed to them. They work best if you put them in the wooden holder and place on the ground next to your seat. If you have any questions, please contact Herb Harmison at x5396.

NEWSPAPER COLLECTION

Newspaper recycling has temporarily stopped due to the Kiwanis not being able to pick up the newspapers. Please hold donations until further notice. The next collection date is anticipated to be in August. Sorry for the inconvenience.

The Green Team is joining JAX, a partner with RECORK, North America's largest natural cork recycling program, by collecting corks. Drop off your corks at the collection box located in the closet across from the Community Room.

I was born and raised in New Lisbon, Wisconsin (a small town with a population of about 2,000 people) which is about an hour north of Madison. Go Badgers! In my free time I enjoy reading, going for walks, exploring new restaurants or wineries, and spending time with friends and family.

Before moving here, I was a certified nursing assistant for about 5 years. Having my background in long term care, I am eager to learn more about this community, the administrative practices here, and you! I cannot wait to explore the area further and meet everyone here at Green Hills!
